Chief, Plans and Programs Staff, OL
Chief, Procurement Management Staff, OL

VIA: Director of Logistics

FROM: Daniel C. King
Deputy Director of Logistics

SUBJECT: LIMS Implications on OL Organization

1. As you are aware, many of the functions involved in the LIMS effort will result in changes in the way we do business and will have organizational implications for the future. The Director of Logistics has asked that each of you, [redacted] and I get together to examine the current organizational structure of OL and the implications that LIMS will have on the future. Our task is to suggest alternative organizations for consideration by the D/L and the division chiefs.

2. Clearly, the possibilities are limitless and vary all the way from our present organizational structure, to deputy directors for certain functional areas, to the movement of various branches and sections between divisions. We have no specific schedule to meet, but I hope we can complete the task within the next 30 to 60 days. We will plan on having our first meeting before the end of the month. I will be in touch.
